(d) SYNERGISTIC ACTIVITIES

1. Global Classroom Leader. Successfully proposed a faculty-led study abroad program for a special topics course on Comparative Gender Based Violence (GBV). The course, open to undergraduate and graduate students, engaged in comparative examinations of the prevalence, characteristics, and responses to common forms of GBV in the United States and Spain. The course was taught in the traditional Spring semester with an optional two week immersion experience in Summer in Barcelona, Spain. I secured \$3000 in student scholarship funds for the immersion experience. This is the first study abroad program offered from Boise State's Criminal Justice program.
2. Executive Board Member, Western Association of Criminal Justice (WACJ). Between 2014 and 2018 served as an Executive Board member in a variety of leadership roles (Second Vice President, First Vice President, President, Past President). During this time I proposed and developed a new website for the organization, engaged in support activities with the other board members, assisted in revising the constitution and bylaws, and lead the 2017 meeting as President. I received an Outstanding Service and Dedication Award for this role in 2017.
3. Boise State School of Public Service Research Committee. Served as a developmental working group member (2016-2017) and then as an inaugural standing committee member (2017-2019) assisting in the development of committee policies and processes for the dissemination of research funding in the form of internal grants for faculty. The committee managed over \$100,000 in funding from the School's Dean's office and the University's Vice President of Research.
4. Concurrent Enrollment Faculty Liaison. Collaborate with a local high school teacher to develop a college level Introduction to Criminal Justice class that is adapted to high school students. Students completing the course can earn college credit and are introduced to a field not commonly accessible in secondary education.
